Pre-Flight Overview:

Pre-Flight is open to CALTs and Dyslexia Therapist Trainees. This workshop addresses three major components of reading instruction: **Alphabet Knowledge**, **Phonological Awareness**, and **Reading Comprehension**. It is designed for kindergarten, first grade, or second grade students who struggle with reading and may continue into the *Take Flight* program.

According to evidence-based research, phonological awareness, alphabet knowledge and oral language are key components that contribute significantly to the effectiveness of beginning reading and spelling instruction.

You will learn a combination of instructional techniques in each of these essential pre-reading and reading components through direct instruction and demonstration.
