Bridges: A Dyslexia Intervention Connecting Teacher, Avatar and Student is a two-year curriculum written by the staff of the Luke Waites Center for Dyslexia and Learning Disorders at Scottish Rite for Children. Bridges utilizes the research-based curriculum, Take Flight: A Comprehensive Intervention for Students with Dyslexia, along with a digital avatar and software developed in conjunction with The University of Texas at Dallas. The digital avatar teacher delivers the more complex aspects of structured dyslexia intervention.

Certified teachers are provided with two weeks of instruction (one preliminary week and the other days offered as coaching and training throughout the first and second years). The Program provides scripted manuals, that when combined with the training, equips certified teachers the tools needed to provide a research based dyslexia intervention.

Participants MUST PURCHASE the Bridges curriculum from Texas Scottish Rite Center for Dyslexia. The cost for this curriculum is \$3,200.00. This curriculum is required to bring to the training session and requires a minimum 2 weeks of advance ordering.
